Authors' Profiles

Tay Choo Chuan is a graduate with Bachelor of Science (Hons) degree in Mathematics, Master of Science degree (Quality and Productivity Improvement) and PhD in Mathematics from University Kebangsaan Malaysia (UKM). The author has over 20 years of experience teaching in two level of education: secondary and tertiary. He is currently attached to Universiti Teknikal Malaysia Melaka (UTeM) as a senior lecturer in the Faculty of Electrical Engineering. He is also the author of several Mathematics books.

Hamzah Sakidin received the Bachelor of Science, Diploma of Education and Master of Science in mathematical modeling from University Kebangsaan Malaysia (UKM), Bangi Selangor, Malaysia in 1993, 1994 and 2001 respectively. He received his PhD in mathematical modeling from University Putra Malaysia in 2008. He joined University Teknikal Malaysia Melaka (UTeM) as a mathematics lecturer in August 2003. Recently, he is a Senior lecturer in the Faculty of Electrical Engineering, Universiti Teknikal Malaysia Melaka (UTeM). His research interests are mathematical modeling and applied mathematics.

Norazlina Abd Razak is a graduate with Bachelor of Science (Hons) degree in Mathematics and Computing, Curtin University of Technology, Australia and Master of Engineering (Electrical) degree from University Technology Malaysia. Recently, she is a Senior Lecturer in the Faculty of Electronic and Computer Engineering, Universiti Teknikal Malaysia Melaka (UTeM).

Irma Wani Jamaludin received the Bachelor of Industrial Science in Mathematics and Master of Science in Mathematics from Universiti Teknologi Malaysia (UTM), Skudai, Johor in 2004 and 2005 respectively. She joined Universiti Teknikal Malaysia Melaka (UTeM) as a Mathematics lecturer in 2006 and now as an academic staff at Faculty of Electrical Engineering, UTeM. Her research interests are algebra and applied mathematics.

Nur Ilyana Anwar Apandi begin her academic career in Department of Mathematics, Universiti Teknologi Malaysia (UTM) in year 2003. She migrated to Faculty of Electrical Engineering, Universiti Teknikal Malaysia Melaka (UTeM) end of 2008, where she is now serving as mathematics lecturer. Graduate with Bachelor of Science (Hons) degree in Industrial Mathematics, UTM and obtained her Master of Science (Modelling in Applied Mathematics) degree from University of East Anglia, Norwich UK.
